D. FIERRO,

CEO

Dear Mr. Fierro!

We would like to inform you that your application with proposals for establishing cooperation in the field of electronic communications has been considered.

The Decree of the President of Ukraine "On Ensuring Conditions for the Implementation of the Fifth Generation Mobile (Mobile) Communication System" set the task of approving the Action Plan for the Implementation of the Fifth Generation Mobile (Mobile) Communication System in Ukraine.

The order of the Cabinet of Ministers of Ukraine of November 11, 2020 № 1409-r approved the Action Plan for the implementation of the fifth generation mobile (mobile) communication system in Ukraine.

The ultimate goal of this Plan is to ensure in December 2021 the subjects of the telecommunications market on a competitive basis in accordance with the law the right to use the radio frequency resource of Ukraine using fifth-generation radio technology through a competition.

It should be noted that currently improving the quality of mobile communications and Internet access is one of the priorities for the Head of State and is in the focus of interested state institutions.

Taking into account the above, the Ministry of Digital Transformation of Ukraine is invited to process the submitted proposals in accordance with its competence, consider the possibility of their implementation and inform you about the results.

We are sincerely grateful for your initiatives and willingness to cooperate. We are convinced that the active position of business representatives and international partners will continue to contribute to the further development of the telecommunications sector and the establishment of bilateral cooperation.

Sincerely yours,

Yuri Sviridenko,

Deputy Head

Office of the President of Ukraine
